Professional Experience

Mathematician Analyst, Coral Impex   September 2025 – Present

Education

Master's degree in Artificial Intelligence, University of Bucharest Oct 2025 – Expected 2027

Bachelor's degree in Mathematics, Faculty of Mathematics and Computer Science, University of Bucharest   2022–2025

- Specialization: Mathematics-Computer Science
- Final Grade: 9,84 (Top of the class)
- Selected Coursework: Probability · Statistics · Optimization · Natural Language Processing · Object Oriented Programming · Data Structures · Databases · Web Technologies

Student at ICHB and C.N. Gheorghe Șincai   2018–2022

- Top of the class, final grade 10

Awards & Competitions

Honourable Mention, IMC Challenge (sponsored by Huawei)   2025

Multiple awards in National Mathematics, Physics, and Linguistics Olympiads   2017–2022

Honourable Mention, European Mathematical Cup   2020

Skills

Languages: Python, R, C++, SQL

Libraries/Frameworks: pandas, matplotlib, seaborn, scikit-learn, TensorFlow, PyTorch, Keras, Django

Personal projects

Sentiment Analysis on Movie Reviews — comparing standard vectorization and ML methods (TF-IDF, BoW, Logistic Regression, Naive Bayes) with Transformer-based models

Price prediction of Airbnb — using various regression techniques

Others

International Chess Title (Candidate Master)

English: C1
